Herbert Hoover Says Coming Harvest will be Ample to Feed the World.

PARIS, June 4.—(Associated Press)—There is a sufficient surplus of food indicated from the coming harvests to supply Europe and meet the needs of the world, unless some unexpected catastrophe happens to the world's harvests, according to a statement issued today by Herbert Hoover, the head of the Allied Relief Organization.

The bread budget balances, but the surplus of the American crop of wheat and rye this year will be needed. The statement says that most of the trading in wheat and rye will be in the hands of the Government.

Other figures gained from the survey made by the organization and various governments indicate that the sugar crop in eastern Europe this year will be 65 per cent of pre-war normal, the wheat and rye crop 77 per cent of normal and the vegetable harvest about normal.

Since the war, it is estimated Europe has lost 18,400,000 cattle, 39,000,000 hogs and 8,600,000 sheep.

How would you like to be cooked for an hour or two every day when you were supposed to be convalescing? People usually think of convalescence as a period during which the patient sits around waiting to recover full strength. Judging from the photograph which was taken in one of our largest military hospitals the process of "waiting" is a strenuous one for a wounded soldier.

## SITUATION IN TOLEDO IS AT HIGH TENSION FOLLOWING LABOR RIOT

Overland Plant Shut Down To Prevent Further Trouble Due To Strike-Breakers.

NO TROOPS ARE SENT

Soldiers Who Fired Shots Declare They Did So In Self-Defense.

(By Associated Press)

Toledo, June 4.—The situation is at high tension here today following the labor clash of yesterday when two were killed and 18 others injured near the Willys-Overland plant.

With the plant shut down at the request of city officials, Mayor Scriber frankly admits that the situation is beyond his control despite the large number of returned soldiers and citizen police sworn in. No word has come from Columbus as to the sending of troops here in line with the Mayor's appeal immediately following the rioting.

Crowds again gathered at the plant this morning but found a sign giving notice of the shutdown. A number of workers were jeered by former employees but there is no report of further violence. In the section of the city near the plant populated largely by former overland workers, feeling against the soldiers is running high. Leaders of the soldiers today claimed they shot into the crowd last night only after a score of shots had been directed at them. The shots by the soldiers were declared to be in self-defense.

## SEARCH FOR PLOTTERS CONTINUES

No Important Arrests Have Been Made In Connection With Bomb Outrages.

SIXTY SUSPECTS ARE HELD

Early Results Anticipated By Department of Justice Sleuths Who Are At Work.

(By Associated Press)

Washington, June 4.—Although virtually every agent and operative of the Department of Justice and the police in eight cities have been working on clues which it was hoped would lead to the apprehension of the plotters who Monday night placed bombs in eight cities, so far as is known in Washington no really important arrests have been made.

More than 60 suspects have been taken into custody in various parts of the country but no information has been received indicating the capture of the actual plotters.

However, Department of Justice officials are hopeful that their efforts will bring results. Not since the early days of the war when the efforts of the Department were centered on spies and dangerous enemy aliens has there been such a man hunt. Officials directing the campaign against the anarchist groups said today they thought other outrages might occur but that an end would be put to them before many days.

Clemenceau Continues to Object to Making Any Changes in Terms Presented.

HUNS PREPARE DATA

Indications Point to Acceptance of Hun Financial offer. Food Problems.

(By Associated Press)

There is reason to believe, according to Paris advices, that the council of four will reach a decision by Thursday as to the reply that will be made to the German counter proposal to the peace terms.

Allied experts are at work on the reply, and meetings are being held in Paris today for the purpose of drafting memoranda to be submitted to the council of four. It is probable that this work is well under way.

Premier Clemenceau is understood to maintain firmly that there can be no important changes in the clauses of the treaty to which the Germans have entered their strongest objections.

There are indications, however, of a strong undercurrent of sentiment to meet the German offer of a definite sum of one hundred billion marks as indemnity, instead of an indeterminate sum that might be demanded under the terms as presented.

That the Germans have not said their last word in objecting to parts of the treaty, is indicated by a memorandum which has been drafted at Versailles by German experts, who seek to refute Allied charges as to the guilt of Germany for the war. This memorandum will, it is said, be presented as a reply to the report made by the inter-allied commission on responsibility for the conflict.

The supreme economic council has appointed a commission to study a plan for the liquidation of the world's food control and to devise plans to meet the problems that will arise after the coming harvest.

Dispatches from Paris say that after the signing of the peace treaty, the United States cannot legally participate in the control of food supplies, and Herbert Hoover, the chairman of the inter-allied food commission, is said to believe that the business can be handled through regular channels.

HAYWOOD IS INVOLVED

Confession Said To Have Been Obtained From Johnson In Pittsburg.

(By Associated Press)

Pittsburg, June 4.—Evidence that anarchists responsible for bomb explosions here were operating under orders from Russian radical headquarters at 133 East 15th Street, New York, was in the hands of the police here today.

According to an announcement by the chief of police John Johnson, president of the local I. W. W., who was arrested yesterday, came to Pittsburg from New York two weeks ago at the instance of "No. 1001."

William Haywood, president of the National I. W. W., according to the police, bears the pass number 1001. Johnson, who the police say was the directing genius of the bomb plot here was held in jail today with a score of other alleged anarchists.

In a partial confession made to the police Johnson is said to have named a Cleveland man as the maker of the bombs employed here.

## NOW, PLAY BALL FIRST GAME OF SEASON SUNDAY

**F. A. Reichert Buys Fence  
And Grandstand and An-  
nounces Opening Game  
With Frankfort.**

**Washington Has Abundant  
Material For Strong  
Team This Season.**

Baseball fans may now rest assured that the old game is back on its feet in this city.

At a recent meeting of the stockholders of the Washington Baseball Company the property of the club, consisting of the grandstand and fence, was sold to F. A. Reichert. This transaction will enable the corporation to become free of debt.

The same stand and field however will continue to be used by the club. The club management will be under Carl Noon, for the present, it is announced.

At the meeting of the stockholders it was also agreed upon to dissolve the corporation in the near future.

Everything has been arranged for a season's complete schedule and there is every indication that it will be carried out.

The first game of the season has been announced for Sunday, June 8th when the Athletic will cross bats with the Frankfort nine.

The fans will recognize in the group for Washington several who have shown brilliantly in times past, such as Carl Noon, Nip Jones, Harley

Adams, Hi Grandle, Reno, Chief McCall, "Hig" Corwin, Whittel, Runnels, Turner, Melvin and several others.

The Frankfort team boast such men as Dave Towell, Bill Towell, Eldrich, Cottrell and Wilson. It will be remembered that the last series in which the Athletic bumped against Frankfort that the visitors were victorious in two out of three games.

It is announced that the club is in good shape every way and it remains for the fans alone to make the team a success.

## FIRST PERFORMANCE THURSDAY NIGHT

When the curtain rises Thursday night on the Oriental-American Fantastique, Katcha-Koo, which is being staged under the auspices of the St. Andrews Guild a rare treat is in store for Washington play goers, who promise to pack the High School Auditorium to capacity. Oriental incense and the fragrance of sandalwood will create just the right languorous atmosphere for the introductory scene which is laid in the far East.

The play opens at the Temple of Buddha, before which is transfixed "Katcha-Koo," a Fakir of Hunga. He stands immovable in spite of supplications and offers of rich food and gems. Finally, a large reward is offered to the person who can move him and through the ingenuity of two Americans, a magical composite garment perform the miracle and "Katcha-Koo's" career begins. The many complications and situations that follow make a fascinating and interesting story. Of course, Katcha-Koo isn't a real Fakir, but an American aviator masquerading as one, and there by hangs a tale. The weird Oriental environments of the first act are in direct contrast to the second part of the play which is laid in America. There is something doing every minute from the time the curtain rises on the first act until the closing scene of the play. The costumes are stunning, while the scenic effects will leave nothing to be desired. The best musical and dramatic talent in Washington are enrolled more than 125 performers appearing in the cast and chorus groups.

The Committee in charge has been working day and night to make the production a success and it looks as though their efforts will be rewarded.

## WHEAT CROP WILL BE ENORMOUS ONE

The heads of the wheat are extra long and well filled, indicating a high yield.

## FAREWELL RITES WERTER W. HEGLER

Rev. David W. Barre, of St. Andrews church, conducted an Episcopal service of simplicity and beauty over all that was mortal of Mr. Welter W. Hegler at the home of his mother, Mrs. Allen Hegler, at two o'clock Tuesday afternoon.

At the home in Peoria, Ill., on Sunday evening at six o'clock friends had assembled in large number, giving conclusive evidence of the esteem in which Mr. Hegler had been held during his residence in that city.

But at the home here it was a different gathering—the coming together of near relatives, of the warm personal friends of earlier years; of representative business acquaintances—all deeply saddened in the thought that they would come no more in personal touch with this fine man of courteous, generous impulses, whose interest in his friends had never diminished during years of absence. All unconscious of their sorrow he slept in peace, surrounded by a wealth of floral remembrances that was in itself a wonderful tribute, and seated around him were those closest and dearest, while beneath the windows on the lawn outside, in the cool shade of big trees under which he had played in happy boyhood days, seats were placed for the remainder of those in attendance.

To the comforting words of the scripture and the ritual the minister added the beautiful thought of the hymns: "Lead Kindly Light," and "Abide With Me."

The casket was borne from the house by two nephews, Mr. Alex H. Ballard, of Dayton, Mr. H. E. Daugherty, of this city, and four cousins, Messrs. Austin, Orris, David Hegler and Howard Hagler.

Among the floral tributes, which were magnificent, there was a wreath of galax leaves and roses from the Big Four Employees and friends at Indianapolis; a very large wreath of white roses and carnations from "The Eight Club" of Peoria, as well as a number of sprays and designs from friends in Peoria and other cities.

Besides the widow and sons, Melville and Lawrence, and their wives, who came from Peoria, there were here for the services, Mr. Horace McWilliam and family, of Wilmington; Mr. and Mrs. George Irions, Greenfield; Mr. Martin L. Junk, Mr. Thomas Junk, Mr. and Mrs. D. Briggs, Mr. Austin Hegler of Frankfort and Mr. and Mrs. Sanford, of Frankfort.

Immediately after the ceremony on the 3:30 train, Undertaker Albert McCoy, who was also a cousin, took the body to Cincinnati for cremation. He returned on the 5:40 B. & O. train Wednesday evening, going directly to the Washington cemetery, for sunset burial service.

## WOOL TRADE IS BEING FREED

London, Eng., May 1. — (Correspondence of the Associated Press)—

The wool trade of Great Britain, which has been controlled by the government since the middle of 1916, is gradually being freed from restrictions and soon will be practically on a pre-war basis. The only remaining restriction will be that the government, which has bought the forthcoming Australian clip, will act as merchants and put this on the market at auction at fixed minimum prices, which, however, will be somewhat elastic as the sales proceed.

The first auctions will be held in the first week of April and about 80,000 bales are expected to be catalogued during that month. Belgian, French and Italian buyers will be allowed to compete with the British trade for supplies but there will be no American competition.

The chairman of the Wool Council in making the latter announcement the other day, said that "the contract for 325,000 bales, free on board Australia and New Zealand, entered

into just before the armistice, appeared to cover very fully the requirements of the United States for some time to come, and no provision had therefore been made in the British import program for any sales of wool of America through London. If any alteration in these arrangements were desired it would be necessary to consider such proposals very carefully, with a view to provide for reasonable American requirements, but of course, to do this would need some months notice."

## Austria's Fate

The terms of the peace treaty given to the representatives of what once was the Empire of Austria-Hungary, the mighty "Dual Monarchy" welded together and maintained intact under the old Emperor Franz Joseph, reduces Austria from a nation of approximately sixty million people to one containing about six million inhabitants and cuts down the territorial extent to about five thousand square miles. The navy and air forces are completely eliminated.

This tremendous reduction in population and territorial extent is not the result of seizure by the victorious allied and associated nations.

No one of the nations in the great world war alliance against the Central Powers increases in population or in territorial extent by the reduction of Austria. Really the peace treaty does not bring about the dismemberment of the old polyglot nation. The disintegration was in process even before the signing of the armistice last November and has progressed since that event with rapid strides until now the treaty, in those particulars, becomes a mere recognition of events that have already transpired—a formal and solemn treaty acknowledgement of existing conditions.

The subject people seized upon the opportunity which the war presented to throw off the yoke of slavery which Austrian tyranny had kept upon them by force, under guidance from the dominating war lords in Berlin.

Hungary again becomes a free nation. The Czechoslovaks, the Croats and other subject peoples are freed from oppression by the treaty; their independence, already a fact, is guaranteed for the future by Austria's acknowledgement of conditions and recognition of the League of Nations covenants.

Austria has been a nation of tyrants and oppressors with the subject races in the majority but powerless because of political and industrial slavery enforced by the strong arm of the military tyrants. Present conditions and the peace treaty leave Austria proper to the Austrians and sets free those peoples who have long vainly sought freedom.

That which is taken from Austria by the terms of the submitted freedom is only that, people and territory, which never belonged to them and is restored to the rightful owners.

The treaty is one of the greatest possible proofs of the change that has come upon the world.

Under the old regime the subject peoples would only have changed masters by Austria's defeat. Under the existing conditions they are given freedom and their own territory.

Austria cannot, in justice, complain because she only surrenders stolen peoples and stolen lands.

The treaty terms are eminently just from every standpoint and only seem severe if we measure them by the old rule of force and brigandage so long the rule among the nations of Europe.

Measured by broad justice and humanity the terms seem to measure up to every one of the "fourteen points."

## Consistency?

It is not surprising that many editors, especially those with liberal tendencies, should be calling attention to the fact that the great leaders of the moral element remain passive, as to spoken work of objection or overt act, regarding the automobile races at Indianapolis last week during which three men lost their lives, and yet are so intensely active in talk and deed, opposing the boxing contest between Willard and Dempsey scheduled to be staged at Toledo, July fourth.

It is strange, when one stops to consider, that the proposal of Willard and Dempsey to stage a game of fisticuffs with padded pillows on their fists, trained to the second and fit physically, should cause the moral force leaders to besiege the governor, the legislature of the state and even the congress of the nation, to prevent the contest.

It does look inconsistent that these men should never utter a word in protest of an event which is a gamble with death, should not even condemn it when the event results in death to three men, two literally cooked alive in flaming gasoline before the thousands of spectators and one hurled high in the air and dashed a broken and shapeless mass on the brick speedway.

After the horrors at Indianapolis last week it does seem like straining at a gnat to be raising such a commotion because two trained, physically perfect men, purpose to pummel each other for a few moments in a "pillow fight" at Toledo.

## POETRY FOR TODAY

## TWILIGHT

Twilight in the springtime,  
Call of mate to mate,  
Silver dusk and fragrance  
Thrill me as I wait;

Wait your gentle coming,  
While my mad heart sings  
With the love and longing  
Of a thousand springs.

Could I write this mad song  
Lovers would always  
Our dear love remember,  
Say "we loved as they."

Rhythm of the twilight,  
Star dust drifting through,  
All love's mystery questioning  
While I wait for you.

## STOLEN AUTO

## CLAIMED BY OWNER.

The Ford Touring car abandoned in Millwood the night of May 27 and since held by D. L. Moore, chief of police, will be returned today to the owner, O. B. Black, of Columbus, Ohio.

This owner can claim he is lucky to ever hear of his car. It was stolen at Newark, Ohio the night of May 26. It was in a private garage and equipped and had in use a well known lock. The thieves not only went through this lock but threw away the license tag then destroyed the motor number so it was impossible to trace the ownership. The only clue was some contracts under rear seat addressed to Neil & Black Pickerington, O. This place was called with no results. The printer's name being on the wrapper he was called at Canal Winchester and said the printing was mailed to Pickerington, but the firm was in Columbus. Then this firm was called and Mr. Neil said if their car was gone he didn't know it as Mr. Black had it and was in Newark. As a last resort the Chief of Police at Newark was called and asked to find out from Mr. Black why his advertising was in this car. The chief at once said it was Mr. Black's car and that they would come for it today. This car was recovered by good luck.

MANY HURT IN  
TOLEDO RIOTS

Toledo, O., June 3.—Eleven persons were seriously injured two probably fatally, in a riot at the plant of the Willys-Overland Automobile Company tonight. The riot was a result of the labor disturbances involving 13,000 workers.

The plant opened up a week ago after two weeks of idleness. Discharged soldiers, acting as guards at the plant, fired more than 100 shots over the heads of the rioters finally dispersing them.

Violence started early in day, when crowds of idle workers stormed cars carrying employees to the plant, smashed the car windows with stones and bricks and pulled workers into the streets, where they were beaten.

The situation flamed into a pitch battle tonight, when idle workers numbering 5,000, including many women, stormed the entrance of the plant as the employees were leaving, beat them with clubs and pelted them with a shower of stones and bricks.

Streets in front of the plant were littered with missiles and broken glass.

NOISY MOTORCYCLES  
DISTURB SLEEPERS

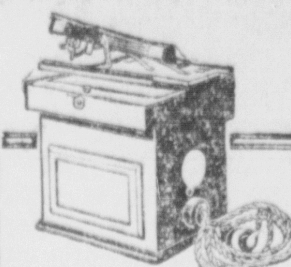

Many citizens have made complaint in regard to being disturbed from their slumbers at an early hour in the morning by rapidly driven motorcycles with cut-outs wide open, passing through residential streets producing a noise similar to a battery of trench mortars.

There is a city ordinance against such disturbances and steps will be taken to enforce it.

## RANDOM NOTES

## SOCIAL : PERSONAL MENTION : CLUBS

The first of the series of May recitals given annually by Miss Light's piano pupils was presented in her studio Tuesday afternoon to a most appreciative audience.

The younger pupils appeared to decided advantage and their accurate work showed the excellence of the foundation being laid for future pianists, as well as quite a little latent talent.

The recital was entirely made up of American compositions and the "All American" features were very taking—most of the pupils played from memory.

The piano pupils were assisted by violin pupils of Miss Mazie Kessler, who played their numbers beautifully.

Miss Carrie Willis chaperoned a merry crowd of young folks, Virginia Elties, Wilma Dale, Donna Bowen,

Dorothy Jones, Evelyn Sadders, Virginia and Gwendolyn Baughn on a swimming party to Sugar Creek Tuesday afternoon.

After a lively swim the girls enjoyed an appetizing picnic supper at the Roscoe Baughn home on the Leesburg pike and Mrs. Baughn drove the party home in the evening.

Misses Laura Brownell, Charlene Sharp, Berta Haines, Margaret Harper, Gayle Bowen, Nellie Taylor, Raymond Geiger, Edward Lewis, Groves Davis Ray Snider, Robert Tracey, and Justin Evans, with Mr. and Mrs. E. N. Holloway and Mrs. C. W. Lewis as chaperones enjoyed a jolly picnic supper at Rock Mills Tuesday evening.

Interest was awakened in Washington social circles to an unusual degree Tuesday when relatives and friends received exceptionally handsome cards, the engraved announcement reading:

Mr. and Mrs. William Allen Tysor  
Announce the marriage of their  
Daughter  
Mary Dahl

to  
Mr. John Walters  
On Wednesday, May the twenty-first  
Nineteen hundred and nineteen.  
Gallatin, Tennessee.

The announcement came as a complete surprise to the many friends of the bride, who while for several years making her home with her parents at their country place "Cedar Lodge," near Gallatin, Tenn., had been so affiliated with the life of her home town that she is still considered a Washington girl. Pretty and bright, and also possessing culture and much charm of manner, Miss Tysor was a decided favorite in the younger set here and is equally so in the circle of her newer acquaintance.

The bride-groom is a well known Kentucky horseman, whose home is in Gallatin.

The wedding ceremony was performed in Nashville, Tenn., and was witnessed by Mr. and Mrs. Tysor.

Mr. and Mrs. Walters visited the bride-groom's mother in Louisville, Ky., and are now with the bride's parents at Cedar Lodge where they will remain until their future plans are definitely decided upon. They expect to visit Mr. and Mrs. V. J. Dahl, aunt and uncle of the bride, in this city in the near future, when friends here will have the opportunity of offering personal congratulations.

E. H. Sothorn and Julia Marlowe (Mrs. Sothorn) who are now living in England, will take up their permanent residence there in a little village of literary and artistic people. The village is called Broadway, and is a few miles west of Stratford-on-Avon.

One of the residents of the village is Mary Anderson, who has been acting with Mr. Sothorn recently in "Macheth" and other classic dramas for the entertainment of the soldiers. Miss Marlowe has not appeared on

the stage, although the condition of her health is better than when she retired. Mr. Sothorn never expects to return to the stage except for such special performances as he has given for the soldiers.

The reason the Sothorns have decided to spend the rest of their lives in England is their love of the quiet English country life. They were living in England in 1914 and returned to this country because of Miss Marlowe's nervousness over the war. During the war they passed most of their time in this country, although after America entered the war Mr. Sothorn went to France on behalf of the entertainment activities of the Y. M. C. A.—New York World.

## CONTAGION IS ON THE DECLINE

(By Associated Press)  
Columbus, O., June 4.—Communicable diseases excepting influenza were only half as prevalent in Ohio in April this year as in April of either 1917 or 1918, according to reports from local health districts to the State Department of Health.

Excluding influenza, there were 6,150 reported cases of disease in the state in April.

The two previous Aprils registered approximately 12,000 cases each. Influenza cases totaled 7,477 in April. The March total this year was 28,668. There was but little influenza in Ohio in 1917 and 1918.

Decreases as compared with previous Aprils were most notable in diphtheria, measles, German measles, meningitis, lobar pneumonia, infantile paralysis, scarlet fever, smallpox, tuberculosis, typhoid fever and whooping cough.

Reports indicated a much lower prevalence of influenza than at any time since the beginning of the epidemic last fall.

ATHENS—Geoffrey F. Morgan was re-elected superintendent of the Athens schools for a term of two years. An increase in pay was granted all teachers.

OTTAWA—John P. Campbell, aged 46, committed suicide at Leipsic yesterday.

## KOLCHAK FAVORS A DEMOCRACY

Omsk, Siberia, April 30.—(Correspondence of the Associated Press)—Admiral Kolchak, head of the All-Russian government, speaking recently in Ekaterinburg before a conference of members of the Duma, zemstvo and other organizations, reiterated his belief in democracy for Russia, declaring it to be "the only admissible form of future government."

Bolshevism, he said, is destroying the very foundation of authority in the country and means a desperate struggle for a long time.

At present, he pointed out, conditions sometime force the government to employ means which do not correspond with principles of democracy, but he assured his hearers that such measures were temporary and that steps were being taken to insure universal suffrage, labor and land legislation and to develop organs of self government.

"The government endeavors to maintain and strengthen friendly relations with the Allies," said the dictator. "Russia was alarmed by the invitation to send her delegates to Prince's Island to negotiate with Bolsheviks. Now this question is settled. The statesmen of western Europe now see the truth and blame the Bolsheviks, calling them murderers and terrorists, as did Lloyd George."

"The government is inspired with the ideal of restoring the motherland. It is not called upon to settle all fundamental questions. The Russian people is master of its fate. Released from the yoke of Bolshevism it will, through its representatives in a national assembly, express its will in regard to its form of government and its social structure. Then the present government will transfer its power to such an authorized government."

## THE NEW "ALL-PURPOSE" CREAM

This new preparation is Garden Court Double Combination Cream.

As its name suggests, it is practically an all purpose cream, adapted not only to the uses of the earlier "vanishing" and "grease" creams, but equally valuable for massage and cleansing purposes. The regular use of Garden Court Double Combination Cream imparts a remarkable freshness to the complexion.

Applied before exposure to the winds and dust of out-of-doors, it protects against roughness and chapping. As a foundation cream (before applying face powder) it cannot be excelled, giving depth and evenness to the complexion. It is quickly taken up by the skin, yet is softening, nourishing and healing.

The breath of thirty-two rare flowers, blended as in the Garden Court perfume, makes its use a distinct pleasure. One jar of Garden Court Double Combination Cream will win your lasting preference, and it is to be had for fifty cents the package.

Former Officers of M Company Attend Meeting for Reorganization.

All Companies Represented At Conference Held in Chillicothe.

Reports indicate that rapid headway is being made in the work of reorganization of the One Hundred and Sixty-sixth, or Old Fourth Regiment. It is progressing rapidly, and that M Company may be reorganized at this point.

The following dispatch from Chillicothe under date of Tuesday tells of the latest step toward reorganizing the entire regiment:

"The One Hundred and Sixty-sixth Infantry, the old Fourth Ohio National Guard Regiment, which was a part of the Rainbow Division, is to be reorganized.

"A meeting of officers of the various companies was conducted at Camp Sherman this afternoon, presided over by Colonel Benson Hough, of Delaware, commander of the regiment.

"Officers representing each company agreed to bring their respective companies up to the minimum strength of 100 men by June 30, so that the companies and the regiment can be mustered into the service under the national defense act.

"Former members of the companies will be asked to re-enlist. Vacancies will be filled with men who were drafted into the service.

"Officers and companies they represented, who were present at the meeting, are: Captain V. W. Peck, A Company, Cardington; Major Robert H. Aubrey and Captain H. H. Gray, I and B Companies, Columbus; Major John Volkra and Captain Raymond Chesel-dine, C Company, London; Major Geo. Geran, D Company, Marion; Captain Robert Geightler and Captain Herman Doellinger, E Company, Maysville; Lieutenant Colonel George Florence, Major H. D. Jackson and Captain John S. Stephenson, F Company, Circleville; Capt. D. L. Caldwell and Lieutenant Robert Duncan, G Company, Greenfield; Major Louis Houser, H Company, Chillicothe; Major James A. Samson, Captain F. C. Radcliffe and Lieutenant Pearl Davis, K Company, Delaware; Captain Leon Meisse and Captain William Belhorn, L Company, Lancaster; Major O. E. Hardy and Lieutenant Robert R. Johnson, M Company, Washington C. H.; and Major O. O. Koepfel, Headquarters Company, Columbus."

## WINS FIRST IN COUNTY CONTEST

To Miss Portia Brownell, of the Eighth Grade, Washington Schools, goes first prize in Fayette county for producing the best article on the theme: "Has Prohibition in the Army and Navy Proved a Success or a Failure?" The prize \$3 in thrift stamps, was awarded for the following composition on the subject:

"This is a question to which most of us will answer yes, prohibition has been a success in the army and navy. To enter more deeply upon this subject let us look back to the morale of the men in the Civil War and also of the Spanish-American War. As we have read before we know that in the Civil War liquor was given to the soldiers and was regarded as a necessity in almost every man's canteen. Thus many a man who entered the Civil War an abstainer came out a drunkard. In 1914 in the navy and in 1917 in the army the use of alcoholic liquors was forbidden and if any soldier or sailor was found guilty of using them it was a crime for which he was severely punished. To keep the soldiers and sailors who took part in the last war from violating the law no more liquor was allowed to be sold in or near the cantonments.

"To see how much better the morale of our army and navy is than that of the army of the Civil and Spanish-American wars let us look at a report from New York. Despite the alarming report of a crime wave in New York since the acceptance by Germany of the armistice, the fact stands forth that never in its history has New York shown a cleaner moral record. Happenings in the city during the four years of the Civil War are now in the dim past, but statistics show that more crimes were committed during the Civil War than during this late war. However, there are thousands of people yet living in New York City who remember the days of mobilization and demobilization of those New York regiments which participated in the Spanish-American war and so great is the improvement of the conduct of the returning soldiers and sailors of today over the conduct of the army men of those days that it is becoming a common gossip. "In comparisons of our other war, army officers say that since there has been prohibition in our army and navy our soldiers and sailors have been stronger and more ambitious and more responsive to the good things in life.

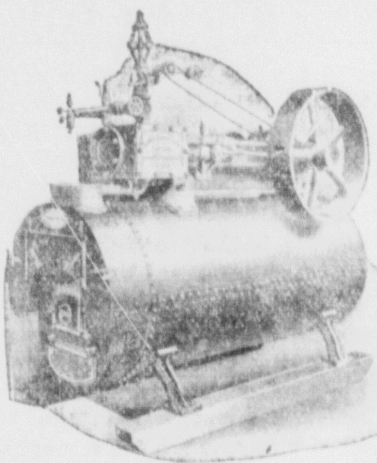

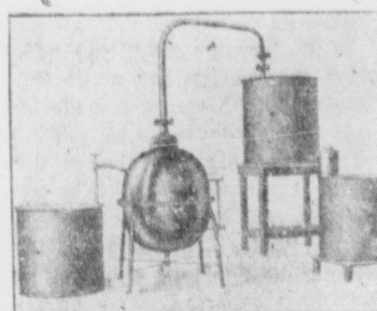

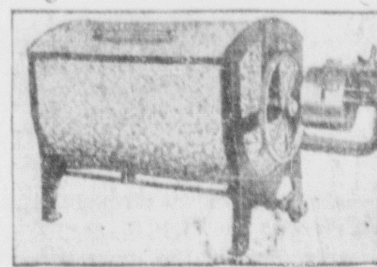

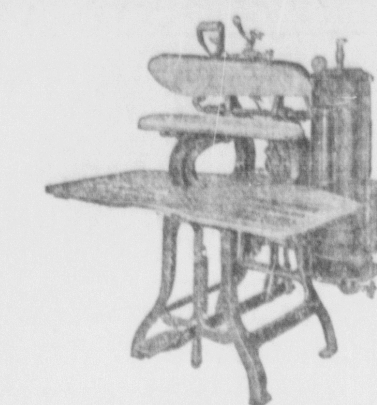

"Major General Leonard Wood says: 'Had our army not been dry we could not have accomplished thirty per cent of the work that we did.' Our men in both the army and navy were all ways ready for good sound work due solely to the fact that our camps were dry.

"At a recent dinner given in honor of Brigadier General Charles H. Barth and staff, General Barth said: 'I consider that the passing and putting in to effect of the liquor prohibition law has done more toward creating and maintaining the morale and discipline of the army and navy than any other government feature.' I think this would be sanctioned by all who have heard or read the reports of the morale of our army and navy.

"Why were not the soldiers and sailors of the Civil and Spanish-American Wars protected from the evil effects of alcoholism as were the soldiers and sailors of our recent war? The answer for this is that in those days the use of alcohol was practically new and people did not realize the harmful effects which alcohol has on the mind and body of a person who uses it. The Woman's Christian Temperance Union and the Anti-Saloon League should be and are given great credit for the wonderful work which they have done in striving to promote prohibition. Through the efforts of these two associations many a boy and man have been saved from the evil consequences of liquor. Another great thing which was a reason for the creditable conduct of our soldiers and sailors was the fact that both the War Department and Navy Department soon after our entrance into this last war provided rigid regulations for the conduct of our soldiers and sailors."

## ONLY TWO OF THE M. E. CHARGES IN FAYETTE NOT OVER

Twenty-two Churches in Chillicothe District Absorb Centenary Quotas.

Twenty-two churches of the Chillicothe District have completed their goal in the Methodist Centenary campaign for \$115,000,000 for Christian world reconstruction, according to announcement made today by Dr. F. I. Johnson, Cincinnati Executive Secretary. This Area, which has the largest quota in Methodism, (fifteen million dollars) has subscribed thirteen and three-quarter millions of dollars for the Centenary, and one million additional for other religious causes, leaving about three quarters of a million dollars yet to be secured. Seven hundred and six of 1600 churches have reached their quotas. There is every indication that a large number of churches will reach their quotas before June 10th, to which date the intensive drive has been continued.

Over one hundred million of dollars have been subscribed of the general Centenary quota of \$115,000,000. The church has now given one million dollars for each of its one hundred years of missionary history, according to announcement of Dr. Johnson. "A heavy over-subscription of total Centenary allotments is insured if the churches which have gone 'over' so gloriously will combine forces to help their churches put through the Centenary program until the last church in Methodism is reached. We owe this to the churches themselves, and also to the kingdom of God throughout the earth," wires Dr. S. Earl Taylor, National Executive Secretary to Dr. Johnson.

The churches "over the top" in this District are: Adelphi, Bloomingburg, Trinity at Chillicothe, Walnut Street at Chillicothe, Frankfort, Good Hope, Hamden, Jeffersonville, Kingston, London, Mt. Arthur, Mt. Pleasant, New Holland, Sedalia, South Salem, Staunton, Washington C. H., Waverly, Wellston, Williamsport, Pancake Chapel.

Milledgeville and West Holland are the only charges in the county not over the top.

# PRICE OF WHEAT IN THIS COUNTY IS AGREED UPON

Large Number of Farmers and Grain Dealers Meet Government Agents at Greenfield.

Fayette Farm Bureau is Well Represented at Important Conference.

A large number of farmers and grain dealers from six counties met at Greenfield Tuesday to learn from representatives of the State and Federal governments regarding prices farmers should receive for their wheat this fall.

Most farmers doubtless understand that the guaranteed price for wheat named by the government is the price for wheat of standard grade at certain terminals and that a deduction must be made from this price for freight, and expenses of handling lower grades, etc., to learn the price that should be received by the farmer at his local elevator.

After considering this matter carefully a committee of farmers and grain dealers and government men agreed upon the following prices as fair:

For No. 1 wheat—\$2.14@2.16.  
For No. 2 wheat—\$2.11@2.13.  
For No. 3 wheat—\$2.07@2.10.

A description of these grades will be given in later reports.

It was also agreed by those assembled that grain dealers should be prepared to test and determine the grades of wheat as demonstrated at the meeting Tuesday. If desired by the farmers of the county the farm bureau will try to arrange for a meeting before harvest at which the method of making these tests is demonstrated.

At the suggestion of the Fayette county representatives a telegram was sent to the Federal Government recommending that farmers be allowed for storing their own wheat as follows: For wheat sold in September, five cents per bushel and for each additional month thereafter, one and one-half cents per bushel for a period of nine months.

The strength of the Fayette County Farm Bureau was shown by the fact that more than a fourth of the delegates present were from this county. The list of those present included the following farmers: Messrs. Dickey, Dorn, Hutson, Willis, C. C. Allen, President C. C. McCoy, Abner McCoy, Hopkins, Graves, Beatty, Cox, Green, Larrimer, Gearhard, Weade, Johnson, Binger, Ellis, Sollars and Goddard. Seven grain dealers were present by invitation of the Farm Bureau—Messrs. Lloyd, Therikeld and Dorn, J. E. and Howard McLean and John and Jas. McDonald.

WANTED—AT ONCE Girls at Larrimer Laundry

## NO ARRESTS HERE SINCE STATE DRY

Although it is understood that there are many "private" supplies of the wet goods in this city, it is, apparently, being saved with care, as not a single arrest for drunkenness has taken place since the 27th. In fact no arrests of any kind have been made since that date, it was announced at the Mayor's office Tuesday afternoon.

Reports from surrounding towns indicate that they have had no crimes committed traceable to strong drink, since the dry law went into effect.

These reports also state that the soda fountains and soft drink establishments are doing an unprecedented business in the towns where the liquor has been banished.

There are still surface indications that whiskey is being used in this city by some of the "regulars."

## DRIVE DELAYED

The Thrift and War Stamp Drive has been retarded because of the failure of pledges to arrive on time. However they are on the way and the work will be carried on with all the more vigor when once begun.

## IN MEMORIAM

Darius Clear, son of Michael and Jennie Cook Clear, was born Sept. 11, 1890 and departed this life May 17th 1919, aged 28 years, 8 months and 6 days.

Practically his whole life was spent in the neighborhood of his birth, the only exception being a part of last year. On June 1st he responded to his country's summons and entered military training being assigned to the Veterinary department, stationed at Camp Lee, Va. Being unable to stand the rigid military requirements, and owing to the Country's need of men skilled in Agriculture, he was honorably discharged on the 23rd and returned at once to his previous place with the Army of Production.

Shortly after his return from Camp Lee, however, he suffered a nervous breakdown against which he battled bravely until about four weeks ago when he was compelled to take to his bed. During his illness his heroic courage and patience were remarkable. Not once was he heard to murmur or complain of his lot.

He united with the Methodist Church at Maple Grove during the Ministry of Rev. Rose, and was also a member of and consistent worker in the Aid Society and the Men's Bible Class.

Besides a host of relatives and friends he leaves father, mother, and two sisters, Mrs. Frank Kaufman and Mrs. Glen Lininger, both of Fayette County, a nephew, Johnny, who was as near and dear as a brother. Also one, bound by ties more tender than those of mere friendship whose untiring devotion was so genuine and unselfish during his entire illness.

A brother Victor M. and a baby sister have preceded him into the Great Beyond.

I know not where his island life,  
Their fringed palms in air;  
I only know I cannot drift,  
Beyond his love and care.

Have hope! Though clouds environ  
'round,  
And gladness hides her face in  
sorrow,  
Put thou the shadows from thy  
brow.

## CARD OF THANKS.

No night but hath its morn.  
We desire to express our gratitude and thanks to our many friends and neighbors who were so kind and helpful during the illness and death of our son and brother, and for the many beautiful flowers.

Mr. and Mrs. Michael Clear  
Mr. and Mrs. Frank Kaufman  
Mr. and Mrs. Glenn Lininger.
